Kolkata/IBNS: MBD Group has launched “AASOKA” – the Powering, Adaptive and Personalised Learning app -- which enables students and teachers of CBSE, CISCE and various state boards to sustain a seamless teaching learning process in spite of the school closures and recent social distancing advisory for schools issued by the Ministry of Human Resources.

The app is driven by the latest research in pedagogy and innovations in teaching methodology.

Aasoka Learning app provides animated content for Grades K-12. Video lectures using multimedia-rich 2D and 3D content engage students' attention and curiosity, encouraging and motivating them to study more.

“

The Adaptive Assessments feature of the app customises assessments for each individual student based on their competency level derived from the result of the most recent test taken. The detailed Analytics of the app traces the learning process of students helping them understand their areas of strength and weakness so they can realign their preparation accordingly.
